1. Introduction

Dr Max the Cat wif Hat (MAX) is the world's first ATC-20 memecoin launched on AtlantisChain — the world's only ultra-super-fast blockchain network as of summer 2025.

Inspired by Dr Max the Cat, the only cat worldwide to have earned an honorary doctorate from a US accredited higher education institution — Vermont State University, the memecoin MAX uniquely blends meme culture, educational impact, and blockchain innovation.

This whitepaper outlines the vision, tokenomics, and strategy to establish MAX as a cat-themed, community-driven, student-friendly, and fun crypto asset — not only within the United States but across the globe.
